

Local School Employes Act On Charity

Evelyn Sparks, district representative of the California School Employes, and S. E. Waldrip, assistant superintendent for business of the Torrance Unified School District, spoke at a recent meeting of the California School Employes here at Madrona School cafeteria.

Mrs. Sparks spoke on the recent district council meeting

and Waldrip spoke on the importance of the California School Employes Assn., calling it a "necessary part of the wheel."

The group also voted to establish a charity fund, and planned a party for January.

Two members of the chapter were honored recently at the Southern Section picnic of the CSEA, it was reported at

the meeting. Don O'Farrel was elected chairman of the Southern Section Activity committee and Ethel Hiller was nominated for secretary. Mrs. Hiller last year was awarded the gold loving cup for high score in events.

A banquet for the Southern Section is being planned after the first of the year.

Savings, Loan Assets Reach \$2 Million Mark

Announcing that the Palos Verdes Federal Savings and Loan Assn. of Torrance has acquired assets in excess of two million dollars in slightly over six months time, President Robert H. Finch recently thanked the residents of Torrance, Lomita, and surrounding areas for their warm support of the institution.

Palos Verdes Federal is the only locally managed and federally insured financial institution serving the South Bay and Peninsula area citizens. Chairman of the board is Manley L. Natland. Other local residents serving on the board are Mildred B. Beckstrand, Roscoe L. Wood, Jack Drown, John B. Cogan, and Robert H. Finch. Finch commented that local

residents had shown particular favor for the handy save by mail program adopted by the association and that many new accounts for children had been opened in recent months.
